ScanSnap SV600

- One touch operation for PC and Mac
- Versatile scanning of everyday documents including loose paper, bound material and delicate items
- Instantly scan and crop multiple documents
- Continuous scanning with page turning detection and timed scanning
- VI technology minimises any unevenness in image quality
- Book Image Correction; automatically corrects curvature and distortion of bound material
- Small footprint, robust design; easy to place in any environment

shaping tomorrow with you
**ScanSnap SV600**

**A New Perspective on Scanning**

**Digitise anything with ease**

The ScanSnap SV600 allows you to scan newspapers, bound documents, magazines or books without the need for cutting or causing damage.

**Scan anything from business cards to A3 size landscape documents**

Any documents larger than A4 such as maps, historical documents and blueprints can be simply positioned on the black pad and scanned directly without any extra effort. The user interaction retouch tool allows the possibility to hold the document in position without worrying about fingers showing on the scanned image.

**No problem scanning bound documents**

The SV600 can scan books and magazines as well as documents with sticky notes on them with ease.

**No need to worry about your delicate documents or books**

Scanning can be performed without touching the document. You do not need to worry that documents such as photos or oil paintings or in pencil or crayon will be damaged by being touched.

**New VI technology**

Equipped with VI technology which combines a large depth of field lens, a CCD linear image sensor and a highly directional LED lamp the SV600 is able to minimise any unevenness in image quality and generate a clear image.

**Overhead structure**

Large depth of field lens
- Maximised auto focus area even when the focus distance is variable

CCD linear image sensor
- Helps produce clear images

The SV600 scans documents with a movable head and incorporates a highly directional LED lamp
- Helps maintain the same brightness level without any interference from surroundings

3 seconds to scan
Smooth operation with the assistance of various functions

The SV600 is enhanced with a host of customised features which help continue ScanSnap’s concept of being simple, speedy and compact.

Quick Menu facilitates operability
ScanSnap’s Quick Menu will automatically pop up after scanning enabling you to link your scanned data to an application both quickly and easily, scan directly to the cloud, for example, to easily share your documents.

Automatically crop several documents* with “Multiple Document Detection”
In just one touch you can capture multiple documents of differing sizes in just one scan. Place several business cards, receipts and photos within the scanning area and the SV600 will capture all the documents and will intelligently crop to the exact size.

*Up to 10 documents can be cropped automatically.

Fast start up time and scanning speed lead to time savings and increased efficiency
The SV600 is ready to scan from power up and just 3 seconds is then required to scan an A3 landscape sized document.

Compact design with a small footprint
The SV600 is incredibly robust with a firm footing and is compact enough to enable efficient usage of your workspace without imposing on your daily routines when not in use.

ScanSnap SV600 includes file management software
ScanSnap Organizer
ScanSnap SV600 offers a unique and intuitive way to scan your books, magazines and newspapers to your e-reading devices. It comes bundled with file management software ScanSnap Organizer with which you can easily generate, virtually organise and read your own scanned material.

Step 1 Scan with one touch!
With a host of impressive features, you can continuously scan multiple pages smoothly.

Page Turning Detection
Automatically detect when the page is turned.

Timed Mode
You can set the time to start scanning after the “Scan” button is pressed;
For continuous scanning you can set the time interval before the next scan begins.

Step 2 Auto image correction: enhances the reading experience
Book Image Correction – automatically corrects distortion caused by the curve of an opened book or magazine. You can confirm and fine tune the scanned images on the preview dialogue after scanning or have this be performed automatically.

Step 3 Go paperless with digital filing
Collect your documents into digital files, insert additional pages at a later point in time and organise them in a structured way.

Step 4 Organising and viewing on the go
Carry your scanned documents with you anywhere and anytime; you can conveniently browse your scanned digitised material from your tablet or smartphone. ScanSnap Organizer allows you to synchronize documents across personal devices like Windows and Mac, and iOS and Android tablets using cloud spaces like Dropbox.

New ScanSnap Receipt
- Organise receipts: Manage all of your receipts in one place
- Extract information: Easily extract data from receipts
- Efficient tax and expense filing: Export in CSV format

#### Scanning speed

- **Auto mode**: 285 to 218 dpi / vertical scanning: 283 to 152 dpi
- **Normal mode**: 150 dpi (mono 300 dpi)
- **Better mode**: 300 dpi (mono 600 dpi)
- **Best mode**: 600 dpi
- **Excellent mode**: 600 dpi

#### Document size

- **A3 (landscape)**, **A4, A5, B4, B5, B6, business card, postcard, double letter (landscape)**, **letter**, **legal (landscape)** and custom sizes: Minimum: 25.4 x 25.4 mm / Maximum: 452 x 300 mm

#### How to start scanning

- **Select one of the following**
  - **1. Normal scan**: press “scan” button for every page
  - **2. Timed interval scanning (timed mode)**
  - **3. Page turning detection**

#### Magnification in vertical scanning (length)

- ±1.5%

#### Power requirements

- **AC 100 to 240V, 50 / 60Hz**
- **Power consumption**
  - Operating: 20W or less (Sleep mode: 2.6W or less)
  - Auto Standby (OFF) mode: 0.4W or less

#### Dimensions (W x D x H) / Weight

- **Temperature**: 5 to 35 °C
- **Relative humidity**: 20 to 80 % (Non-condensing)
- **Power requirements**: AC 100 to 240V, 50 / 60Hz
- **Weight**: 210 x 156 x 183 mm

#### Environmental compliance

- **ENERGY STAR®**
- **RoHS**
- **Ecodesign**

### Technical specifications

- **Optical resolution**: differs due to variable scanning angle on the same document
- **Optical resolution**: differs due to the system environment used
- **Switch between “Better mode” and “Best mode”**: depends on the length of the document. At 200 dpi, **All size**: below, **300 dpi**: 300 dpi
- **Time between actual start of scanning and finishing scanning**
- **Documents of thickness over 5 mm, the maximum document size is 400 x 300 mm**
- **When performing continuous scanning, time is needed for the scanning head to return to its original position**
- **Compatible with USB 3.0 port but connection will run at USB 2.0 speed**
- **Automatically corrects distortion caused by the curve of an opened book or magazine**
- **Digitizes multiple documents by automatically removing invisible documents in one scan (At least 15mm is needed between documents)**
- **PFU LIMITED, a Fujitsu company, has determined that this product meets Ecodesign requirements** (2011/65/EU)
- **PFU LIMITED, a Fujitsu company, has determined that this product meets ErP requirements** (2009/125/EC)

### Support

- **Available via an online update**
