

KODAK N2000 Series Scanners

One touch to done.

The N2000 Series Scanners are a high-performance, intelligent document-capture solution for distributed, document-driven environments.

Capture as a workflow strategy - not a device purchase.

The KODAK N2000 Series makes capture a workflow strategy rather than a device purchase. It turns paper into accurate, actionable digital information reliably and consistently, everywhere work happens, and scales from a single desktop to a distributed fleet.

**Dual light
Illumination**

KODAK N2050 Scanner

Right the first time. Every time.

Perfect Page and unique Dual Light Illumination capture even difficult originals cleanly on the first pass - eliminating shadows on folded, textured, and low-contrast documents. Fewer rescans, higher automation rates, and queues that keep moving.

One standard. Every site.

Network EasySetup deploys a single locked configuration across the entire fleet. Send scanners straight from stock and stand up every location from one file - no per-site IT visit, turning a multi-week rollout into a same-day task.

Exceptional image quality for seamless automation

With 30+ years of imaging R&D, Perfect Page delivers the best possible image at the smallest file size - cutting storage costs, lifting OCR read rates, and giving downstream systems data they can trust. Accurate, searchable PDFs for 126 languages.

Built to be defended

Secure Boot with signed firmware ensures only trusted code runs. Encrypted connections protect data in transit. Digital Stamping burns date, time, and sequence into every image, audit-ready by default.

Feature driven

A 3.5-inch color touchscreen, a 100-sheet feeder, wide media handling ranging from light paper to hard cards, and modular flatbed options enable a single workstation to handle everyday batches as well as bound books, fragile items, and passports.

Efficiency Focused

The KODAK N2000 Series is built for organizations that need scanning to work the same way everywhere - from a single desk to a global fleet.

Standardised. Secure. Always on. Because when capture works right, everything downstream works better.

KODAK N2040 / N2050 Scanners

Features

Throughput Speeds BW/grayscale/color:	N2040: Up to 40 ppm/80 ipm N2050: Up to 50 ppm/100 ipm
Recommended Daily Volume	N2040: Up to 6,000 pages/day N2050: Up to 8,000 pages/day
Feeder Capacity	100 sheets of 80 g/m ² (20 lb) paper
Connectivity	USB 3.2 Gen 1, Gigabit Ethernet (10/100/1000)
Media Handling	Min: 52×52 mm (2.05 in. x 2.05 in.) Max: 216×3,048 mm (8.5 in. x 120 in.) Weight: 27 – 433 g/m ² (7.2 - 160 lb) Hard cards thickness up to 1.2 mm (0.05 in.)
Acoustical Noise	Ready: <20 dB(A) Scanning: <50 dB(A)
File Format Output*	BMP / JPEG / TIFF / Multipage TIFF / PDF/A-2b / PNG / RTF / XLSX / DOCX / PPTX
Operator Control Panel	3.5 in. (89 mm) Graphical color touchscreen LCD with operator control buttons
Paper Handling Features	Ultrasonic Multi-feed detection with Interactive Recovery; 4 sensitivity settings; mixed media support
Power Consumption	Standby: <0.5 W Sleep: <3.2 W Running: <36 W
Electrical Requirements	100–240 V (International); 50–60 Hz
Dimensions	Height: N2040 / N2050 233 mm (9.17 in.) with input tray Width: N2040 / N2050 307 mm (12.1 in.) Depth: N2040 / N2050 273 mm (10.75 in.) with input tray Weight: N2040 / N2050 3.2kg (7 lb)
Bundled Software	TWAIN, ISIS, WIA Drivers; Smart Touch; KODAK Capture Pro Software LE (web download)
Supported Operating Systems**	WINDOWS 10/11, LINUX, CITRIX Certified
Optional Accessories & Consumables	A4 Flatbed; Passport Flatbed; Feeder Consumable Kits; Carrier Sleeves (5 Pack)
Warranty	Please review with your Authorized Reseller or visit KodakAlaris.com

Specifications are subject to change without notice.

* may require additional capture application.
