WorkForce DS-1630

DATASHEET / BROCHURE

Versatile and fast with the smallest footprint in its class¹ and a high-speed ADF for enhanced productivity.

Combining a flatbed scanner with the convenience of a 50-page ADF makes it possible to scan a wide range of challenging documents, including books, bound documents, passports and delicate items while quickly and simply scanning stacks of office documents. Its small footprint makes it easy to position in front office and customer-facing environments, as well as back office workgroups.

Intelligent features

Smart colour and image adjustments, including auto crop, skew correction, blank page and background removal, with Epson's Image Processing Technology. With long document mode it's possible scan over three metres (3048mm) of paper single sided.

Boost your office efficiency

One of the fastest scanners in its class with a 25ppm scan speed. USB 3.0 connectivity means there is no slow down, even when scanning at 300dpi high resolution. Scan both sides of a page with double-sided scanning capability for greater convenience. Included Epson software enables dual image output; scan once and send to two different destinations. The DS-1630 also encourages easy, one-touch scanning to folders, email, online storage accounts² and more.
